While we all look forward to a thoughtful and gradual reopening of Montana, it is important to remember that social distancing will still be vital to help slow the spread of COVID-19 in our communities. This means avoiding crowded places and maintaining your distance from others. Continue to practice these other healthy habits to help slow the spread of COVID-19:

- Stay home if you are sick
- Wash your hands frequently and for at least 20 seconds
- Clean and disinfect frequently used surfaces
- Avoid touching your face
