### Press Release

#### Gallatin County COVID-19 Update

As of Tuesday, April 14, 2020, at 4:15 p.m. Gallatin County has a total of 138 confirmed cases of COVID-19. Of those cases, one patient in the county is currently hospitalized.

Information on the genders and age ranges of all of our positive cases can be found online provided by the State of Montana here:

<https://montana.maps.arcgis.com/apps/MapSeries/index.html?appid=7c34f3412536439491adcc2103421d4b>

All Gallatin County cases consist of community transmission, close contact, and travel related history.

We can't leave it up to healthcare workers and first responders to fight our battles for us. The public is the first line of defense in limiting exposure and spread of the COVID-19 disease.

It's up to us to stay at home as much as possible, practice good hygiene, implement social distancing and wear a cloth face covering when in public. Healthcare professionals can treat the symptoms, but cannot prevent our exposure to COVID-19.

Visit <https://www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/prevention.html> for more information on how you can protect yourself and others, and be your own first line of defense.

The Gallatin City-County Health Department Call Center is open seven days a week from 8 a.m. to 5 p.m. to answer questions about COVID-19. Reach the Call Center by phone at 406-548-0123 or email at [callcenter@readygallatin.com](mailto:callcenter@readygallatin.com).

The most accurate local source of information remains the GCCHD website <https://www.healthygallatin.org/coronavirus-covid-19/>.
