Press Release

Gallatin County COVID-19 Update

As of Monday, June 22, 2020, at 12 p.m. Gallatin County has 15 new confirmed cases of COVID-19 since Friday evening, for a cumulative total of 217. There are 25 confirmed active cases. There have been a total of 188 people recovered in Gallatin County. One person has died from COVID-19 complications.

The new cases are located in Big Sky and the Gallatin Valley. The cases were contracted by a combination of community transmission and contact to known cases.

More data can be found on Gallatin City-County Health Department's dashboard on our website [here](#). This dashboard will be updated by 12 p.m. daily. Information on statewide cases continue to be found [here](#).

Please note that local data on active cases may differ from the state map as the state map is only updated once daily and calculates active cases differently.

The Gallatin City-County Health Department calculates the **recovered case number** as the number of total cases minus any active cases, current hospitalizations and deaths.

Testing negative for COVID-19 doesn't mean you'll never become infected. It's important to realize that while obtaining a negative test result could temporarily ease your concerns, you'll still be at risk of infection. Continue to practice preventative measures, and if you become ill with COVID-19 symptoms, seek testing to keep others safe and help officials track the spread of the disease. For more information on COVID-19 testing visit <https://www.healthygallatin.org/coronavirus-covid-19/testing/>.

The Gallatin City-County Health Department Call Center is open seven days a week from 8 a.m. to 5 p.m. to answer questions about COVID-19. Reach the Call Center by phone at 406-548-0123 or email at callcenter@readygallatin.com.

The most accurate local source of information remains the GCCHD [website](#).
