For immediate release: July 30, 2020

Press Release
Gallatin County COVID-19 Update

As of Thursday, July 30, 2020, at 12 p.m. Gallatin County has 16 new confirmed cases of COVID-19, for a cumulative total of 841. There are 68 confirmed active cases and 4 current hospitalizations. There have been a total of 771 people recovered in Gallatin County. Two people have died from COVID-19 complications.

The new cases are located across Gallatin County and are related to community transmission, contacts to known cases and travel.

More data can be found on Gallatin City-County Health Department’s dashboard on our website here. This dashboard will be updated by 12 p.m. daily. Information on statewide cases continue to be found here.

Please note that local data may differ from data about Gallatin County provided by the state as the Gallatin City-County Health Department may be alerted to additional cases before the state.

The Gallatin City-County Health Department calculates the recovered case number as the number of total cases minus any active cases, current hospitalizations and deaths.

COVID-19 can result in a long recovery. Among 18–34 year olds with no chronic medical conditions, one in five had not returned to their usual state of health by 2-3 weeks after testing positive for COVID-19.
