Press Release

Gallatin County COVID-19 Update

As of Friday, July 31, 2020, at 12 p.m. Gallatin County has 13 new confirmed cases of COVID-19, for a cumulative total of 855. There are 67 confirmed active cases and four current hospitalizations. There have been a total of 786 people recovered in Gallatin County. Two people have died from COVID-19 complications.

One case previously reported in another area has been assigned to Gallatin County and added to a previous day's total.

The new cases are located across Gallatin County and are related to community transmission, contacts to known cases and travel.

More data can be found on Gallatin City-County Health Department's dashboard on our website [here](#). This dashboard will be updated by 12 p.m. daily. Information on statewide cases continue to be found [here](#).

Please note that local data may differ from data about Gallatin County provided by the state as the Gallatin City-County Health Department may be alerted to additional cases before the state.

The Gallatin City-County Health Department calculates the **recovered case number** as the number of total cases minus any active cases, current hospitalizations and deaths.

Get out and get some fresh air this week! Always bring your mask with you when you leave the house, but don't wear it while exercising at a level that considerably increases your heart rate and respiration rate. If six feet of distance cannot be maintained while exercising – choose a location that is less busy or go alone.

The Gallatin City-County Health Department Call Center is open seven days a week from 8 a.m. to 5 p.m. to answer questions about COVID-19. Reach the Call Center by phone at 406-548-0123 or email at callcenter@readygallatin.com.

The most accurate local source of information remains the GCCHD [website](#).
