Press Release

Gallatin County COVID-19 Update

As of Friday, July 3, 2020, at 12 p.m. Gallatin County has seven new confirmed cases of COVID-19, for a cumulative total of 295. There are 45 confirmed active cases and no hospitalizations. There have been a total of 249 people recovered in Gallatin County. One person has died from COVID-19 complications.

The new cases are located in West Yellowstone and the Gallatin Valley, and are related contacts with known cases and travel.

More data can be found on Gallatin City-County Health Department's dashboard on our website [here](#). This dashboard will be updated by 12 p.m. daily. Information on statewide cases continue to be found [here](#).

Please note that local data on active cases may differ from the state map as the state map is only updated once daily and calculates active cases differently.

The Gallatin City-County Health Department calculates the **recovered case number** as the number of total cases minus any active cases, current hospitalizations and deaths.

This Fourth of July weekend, please remember to stay smart and do your part to enjoy the holiday responsibly. While you're at a backyard BBQ, out for a hike, or camping at your favorite spot, stay 6 feet apart, avoid large groups, and bring everything you need to keep your hands clean!

The Gallatin City-County Health Department Call Center is open seven days a week from 8 a.m. to 5 p.m. to answer questions about COVID-19. Reach the Call Center by phone at 406-548-0123 or email at callcenter@readygallatin.com.

The most accurate local source of information remains the GCCHD [website](#).
