Press Release

Gallatin County COVID-19 Update

As of Tuesday, Aug. 11, 2020, at 12 p.m. Gallatin County has three new confirmed cases of COVID-19, for a cumulative total of 965. There are 31 confirmed active cases and zero current hospitalizations. There have been a total of 931 people recovered in Gallatin County. Three people have died from COVID-19 complications.

More data can be found on Gallatin City-County Health Department's dashboard on our website [here](#). This dashboard will be updated by 12 p.m. daily. Information on statewide cases continue to be found [here](#).

Please note that local data may differ from data about Gallatin County provided by the state as the Gallatin City-County Health Department may be alerted to additional cases before the state.

The Gallatin City-County Health Department calculates the **recovered case number** as the number of total cases minus any active cases, current hospitalizations and deaths.

COVID-19 can result in a long recovery. Among 18–34 year olds with no chronic medical conditions, one in five had not returned to their usual state of health by 2-3 weeks after testing positive for COVID-19. Learn more from the Centers for Disease Control and Prevention [here](#).

The Gallatin City-County Health Department Call Center is open seven days a week from 8 a.m. to 5 p.m. to answer questions about COVID-19. Reach the Call Center by phone at 406-548-0123 or email at callcenter@readygallatin.com.

The most accurate local source of information remains the GCCHD [website](#).
