Press Release

Gallatin County COVID-19 Update

As of Friday, Aug. 7, 2020, at 12 p.m. Gallatin County has six new confirmed cases of COVID-19, for a cumulative total of 929. There are 36 confirmed active cases and one current hospitalization. There have been a total of 890 people recovered in Gallatin County. Three people have died from COVID-19 complications.

Two cases that were previously reported in other areas were reassigned to Gallatin County and added to previous days' totals.

More data can be found on Gallatin City-County Health Department's dashboard on our website [here](#). This dashboard will be updated by 12 p.m. daily. Information on statewide cases continue to be found [here](#).

Please note that local data may differ from data about Gallatin County provided by the state as the Gallatin City-County Health Department may be alerted to additional cases before the state.

The Gallatin City-County Health Department calculates the **recovered case number** as the number of total cases minus any active cases, current hospitalizations and deaths.

Your face covering needs a bit of maintenance to be effective. Wash your hands before you put on and after you take off your face covering. While wearing your face covering, avoid adjusting it or touching your face.

But remember that face coverings are just one piece of the pandemic puzzle. Using face coverings, along with social distancing, avoiding crowds, washing hands, and cleaning frequently touched surfaces, are our best ways to stop the spread of COVID-19

The Gallatin City-County Health Department Call Center is open seven days a week from 8 a.m. to 5 p.m. to answer questions about COVID-19. Reach the Call Center by phone at 406-548-0123 or email at callcenter@readygallatin.com.

The most accurate local source of information remains the GCCHD [website](#).
