Press Release
Back to School Immunization Clinic

The Gallatin City-County Health Department is hosting a Back to School Immunization Clinic on Monday, Aug. 24 at the Gallatin County Fairgrounds.

The event will look different this year due to COVID-19. Safety protocols require services to be offered by appointment only. Please call 406-582-3100 to make an appointment. For the safety of students, family and staff, no walk-in services will be provided. All documentation and payment will be completed virtually. Additional instructions will be provided when parents make their child's appointment.

Routine vaccination prevents illnesses that lead to unnecessary medical visits, hospitalizations and further strain on the healthcare system. While the health department is offering this one day only clinic, we also encourage parents to utilize their healthcare provider to access needed vaccinations.

We appreciate the community's understanding during the COVID-19 pandemic. We hope to return to normal vaccine operations as soon as possible.

For more information about this Back to School Immunization Clinic, please call the Gallatin City-County Health Department immunization clinic at 406-582-3100.

Thank You

215 W. MENDENHALL, BOZEMAN MT 59715
