### Press Release

#### Gallatin County COVID-19 Update

As of Thursday, Sept. 3, 2020, at 12 p.m. Gallatin County has six new confirmed cases of COVID-19, for a cumulative total of 1,113. There are 38 confirmed active cases and two current hospitalizations. There have been a total of 1,072 people recovered in Gallatin County. Three people have died from COVID-19 complications.

More data can be found on Gallatin City-County Health Department's dashboard on our website [here](#). This dashboard will be updated by 12 p.m. daily. Information on statewide cases continue to be found [here](#).

And weekly COVID-19 surveillance reports can be found [here](#). New reports are released each Friday.

Please note that local data may differ from data about Gallatin County provided by the state as the Gallatin City-County Health Department may be alerted to additional cases before the state.

A recovered case means that a person who tested positive for COVID-19 has been released from isolation. It's important to note that even when people are released from isolation, many continue to feel the effects of COVID-19 infection long after they are released from isolation.

The Gallatin City-County Health Department calculates the recovered case number as the number of total cases minus any active cases, current hospitalizations and deaths.

Fall sports are kicking off, but this is not a normal year. Continue supporting and cheering our local youth teams, just with a few more precautions. Stay diligent and prevent the spread of COVID-19 as our children go back to school and fall sports start:

- Know the COVID-19 policy on fans and spectators set by your local school board.
- Keep 6 feet of distance in the stands, at concessions, and in restrooms.
- Wash your hands frequently and keep a pocket-sized hand sanitizer on you.
- Skip the event if you are sick. When in doubt, stay home.

215 W. MENDENHALL, BOZEMAN MT 59715

The Gallatin City-County Health Department Call Center is open seven days a week from 8 a.m. to 5 p.m. to answer questions about COVID-19. Reach the Call Center by phone at 406-548-0123 or email at [callcenter@readygallatin.com](mailto:callcenter@readygallatin.com).

The most accurate local source of information remains the GCCHD [website](#).
