Press Release
COVID-19 Death in Gallatin County

The Gallatin City-County Health Department is saddened to announce that one more Gallatin County resident has passed away from complications due to COVID-19.

This person was a female in her 40s who died in a hospital the week of November 14. The Gallatin City-County Health Department received the official death certificate yesterday that attributed her death to COVID-19. Out of respect for this woman's family, no further details will be released.

This latest death makes for a total of 99 COVID-related deaths in Gallatin County. Statewide data reported by the Montana Department of Public Health and Human Services can be found [here](#).

In Gallatin County, 57% of eligible residents are fully vaccinated, eligible residents now include anyone over 5 years of age. For additional details on vaccine metadata, [click here](#). From July 1 to November 20, 2021, Gallatin County saw 283 residents hospitalized who were positive for COVID-19. Of those, 227 individuals were unvaccinated or approximately 80%. From April 1 to November 12, 2021 statewide, [MT DPHHS reported](#) 867 deaths were attributed to COVID-19. Of those deaths, 667 were unvaccinated or 77%.

Last week, the Center for Disease Control (CDC) and the Advisory Committee for Immunization Practices (ACIP) expanded recommendations for booster shots to include all adults ages 18 years and older who received a Pfizer-BioNTech or Moderna vaccine at least six months after their second dose. While we are still focused on providing primary series vaccinations for those who qualify, providers in Gallatin County are also giving booster doses for all three COVID-19 vaccines.

You can find your COVID-19 vaccine from local pharmacies and clinics throughout the county. It is highly recommended that you make a plan to get fully vaccinated to help protect yourself and others.

The GCCHD website provides up-to-date times, dates, and locations where you can get your COVID-19 vaccine anywhere in Gallatin County. [Visit our website](#) and make a plan to get your vaccine today.
