Gallatin County Weekly Communicable Disease Report

MAR Notice Number 2026-442.1 Reporting for the 2026–2027 respiratory season begins **Sunday, October 4, 2026 (MMWR Week 40)**.

- Individual COVID-19 cases are no longer required to be reported. COVID-19-associated hospitalizations and deaths remain reportable.
- Positive influenza test results, including Rapid Influenza Diagnostic Tests (RIDTs), antigen tests, and PCRs, should be reported to GCCHD. *If your facility does not have an electronic laboratory reporting (ELR) process in place for reporting influenza results*, please report positive influenza test results using this JotForm: https://form.jotform.com/262594397313061.
- Please note that **influenza specimens processed through the Bozeman Health Lab will be automatically reported to DPHHS via ELR**. If you are unsure whether your facility is reporting automatically, please contact the GCCHD Communicable Disease staff at 406-582-3100.
- All **influenza and COVID-19 associated hospitalizations and deaths** must be reported using the following form: https://form.jotform.com/252684844693068. Any outbreaks must be reported immediately by calling GCCHD at 406-582-3100 or emailing: cd@gallatin.mt.gov
